

**FOR IMMEDIATE RELEASE**

May 22, 2014

## **MEDIA ADVISORY**

### **County Leaders to Dedicate New Martin Luther King Outpatient Center**

#### **State-of-the-Art Health Facility Marks Second Milestone in Revitalized Medical Campus**

**WHAT:** Los Angeles County and community leaders will dedicate the new state-of-the-art outpatient services building and second phase of a completely revitalized medical campus to better serve the future health care needs of the region. The four-story facility will house over 70 primary and specialty care clinics and connect with an adjacent 131-bed community hospital to open next year. The center officially will open to the public in June.

The 136,500-square-foot building boasts a gleaming glass curtain façade and over 100 exam rooms that maximize use of natural light and “green” technology throughout. The center’s full complement of diagnostic and ancillary services, and its focus on primary care will improve overall community health, and ultimately the facility will serve as an essential link to the hospital and emergency services.

**WHEN:** Wednesday, May 28  
9:30 AM – Ribbon-Cutting  
10:30 AM – Media Tour

**WHERE:** Martin Luther King, Jr. Outpatient Center  
1670 E. 120<sup>th</sup> Street  
Los Angeles, 90059
